REGULATIONS MADE PURSUANT TO
PART III OF THE "TOWN PLAN-
NING ACT," AS AMENDED.

1. *Description.*—These regulations shall apply to the area defined as follows: Section 92, Victoria Land District and North Saanich Land District, save and excepting all that area contained within the boundaries of any Indian reserve and any property of His Majesty the King in the right of the Dominion of Canada.

2. The area defined in Regulation 1 is hereinafter called "the area," and shall be known as the "North Saanich Regulated Area."

3. The Lieutenant-Governor in Council may appoint an Inspector for the area.

4. The Inspector shall exercise the powers and functions conferred upon him by these regulations.

SUBDIVISIONS.

5. The approving officer as defined in the "Land Registry Act" shall not approve of a plan of subdivision unless, in addition to compliance with section 85 of the "Land Registry Act," there is compliance with the requirements prescribed in Regulations 6 and 7 hereof, except where provision for the relaxation of said regulations is made herein, provided that the approving officer, in cases where he considers strict compliance with the requirements of Regulation 6 would cause undue hardship, may, with the consent of the Inspector, approve a plan of subdivision without compliance with the requirements prescribed in Regulation 6.

6. No land shall be subdivided into lots or parcels for building purposes unless:—

(a) A method of sewage-disposal satisfactory to the Medical Health Officer is possible for each lot:

(b) Each lot in an "A" residence district is at least seven thousand five hundred square feet in area and in addition is at least sixty feet in width and at least one hundred feet in depth; or in a "B" residence district is a multiple of seven thousand five hundred square feet, together with sufficient area as required by the approving officer for future road allowances, and not less than a total area of twenty-three thousand square feet; or in a commercial or industrial district is at least thirty feet in width and at least one hundred feet in depth. Where the area proposed to be subdivided is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from such measurements is justified, the approving officer may approve a plan showing such variation:

(c) Each lot or parcel resulting from the subdivision abuts on a public highway along one full side of said lot:

(d) The approving officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area proposed to be subdivided, and to the road plan of adjoining subdivisions:

(e) All road allowances in the subdivision that, in the opinion of the approving officer, form a part or extension of the "major road plan" are planned to permit a finished grade not exceeding seven per cent. and all other road allowances in the subdivision are planned to permit a finished grade not exceeding twelve per cent.:

(f) Any road allowance in the subdivision that in the opinion of the approving officer forms or is likely to form a part or extension of:—

(i) A major traffic road, is at least eighty feet wide:

(ii) A secondary traffic road, is at least sixty-six feet wide; and all other road allowances in the subdivision are at least fifty feet wide. Such minimum widths shall be increased where so required by the approving officer.

Where a proposed subdivision abuts on an existing road, half of the difference between the existing width and the required width, for the class of road as above detailed, shall be provided by land taken from the subdivision; provided that where highway plans or other conditions require a greater width, as indicated by the approving officer, provision for such width shall be made in a similar manner:

(g) All road allowances are graded and gravelled and all appurtenant works done as required by the approving officer:

(h) All structures of any kind, including fences, are removed from the road allowances:

(i) The land is not swamp land and is not subject to intermittent or periodic flooding.

7. The subdivision of land in rural districts into parcels of less than two acres shall not be approved, except on the recommendation in writing of the Board of Appeal.

BUILDINGS.

8. No person shall commence the erection of, or an alteration or addition to, or a repair affecting the structural stability of, a building or structure in the area without first obtaining a permit in respect thereof from the Inspector.

9. No person shall move a building or structure, other than small accessory buildings or

structures within a rural district, within or to any part of the area without first obtaining a permit in respect thereof from the Inspector.

10. Before considering an application for a permit, the Inspector shall require the applicant to furnish evidence of compliance with Regulation 6 (g) hereof, and such plans, specifications, and other information as he thinks proper.

11. Except as provided in Regulation 37 hereof, the Inspector shall not issue a permit for any building unless it complies with the requirements of the following clauses:—

- (a) Any building intended for human or animal habitation, or as a place where people may congregate, such as a community hall, dance-hall, or similar use, or as a food-catering establishment, shall have provision made for sewage-disposal satisfactory to the Medical Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer;
- (b) There shall be not more than one dwelling on each seven thousand five hundred square feet of land, except where subdivision into parcels of less area has been made prior to the date of these regulations or as provided for in Regulations 5 and 7 hereof, in which case a minimum area of land of six thousand square feet shall be required for each dwelling; provided, however, that this shall apply to single- and two-family dwellings only and not to living quarters forming part of a store or similar commercial use or to multiple dwellings;
- (c) Structural details and plumbing installations shall comply with the National Building Code of the National Research Council of Canada;
- (d) No building intended for human habitation shall have a floor area of less than five hundred square feet;
- (e) The window area in any room intended for use for human habitation shall be at least one-tenth the floor area;
- (f) Where adequate sewage-disposal and sufficient water facilities are available, every building intended to be used for human habitation shall be provided with at least one sink and one toilet and one bathtub or shower properly connected to the approved sewage-disposal system;
- (g) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water-supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided;
- (h) Where privies are permitted, they shall conform to the requirements of section 16 (f) of the Regulations for the Sanitary Control of Industrial Camps;
- (i) No septic tank or building, other than accessory buildings which, in the opinion of the Medical Health Officer, are not likely to cause pollution of water, shall be erected within a less distance than fifty feet from the normal high-water line of any lake, the waters of which are used for swimming or drinking by human beings, nor from any stream draining into such a lake; provided that the prohibition in the case of said stream may be waived at the discretion of the Medical Health Officer.

12. (a) Tourist camps conforming with the regulations made under the "Tourist Camp Regulation Act" shall be exempted from the requirements of Regulation 11 hereof.

(b) Tourist camps shall be located only on sites approved by the Appeal Board.

(c) Tourist camps shall not be occupied by other than transient guests or bona-fide tourists without the consent of the Appeal Board.

(d) Any installation, erection, or use of electrical equipment shall be subject to the regulations of the "Electrical Energy Inspection Act."

(e) All structures shall conform with the provisions of the "Fire Marshal Act" and with any regulations pursuant thereto.

13. The Inspector may withhold a permit for, or order the removal of, any structure, the existence of which is in his opinion contrary to public interest. The Inspector in his order for removal shall name a time by which such structure shall be removed and give the reasons for requiring said removal.

14. If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.

15. Where a person obtains a permit, he shall carry out the construction in accordance with the terms on which the permit is based, and not otherwise.

16. The Inspector shall have power to enter upon and inspect every building in the course of construction in the area.

17. If any person is erecting a building without a permit, or that is not in accordance with the plans and specifications on which the permit is based, the Inspector may:—

- (a) Order that person to cease building; or
- (b) Order that person to conform to the plans and specifications; or
- (c) Order that person to remove the building within a time-limit to be stated in the order.

18. With the consent of the Appeal Board, the owner of any building that does not conform to Regulation 11 hereof may be ordered by the Inspector to make such alterations or additions or do anything that may be necessary to bring said buildings into conformity with said regulation by a date to be specified in the order.

19. Every person to whom an order is directed pursuant to these regulations shall obey the order.

ZONING.

20. The area is divided into districts of the following classes:—

- (a) A "rural district" being a district shown uncoloured within the boundaries of the area bordered red on a plan deposited in the Department of Municipal Affairs and also in the office of the British Columbia Provincial Police in Sidney;
- (b) An "A' residence district" being a district coloured yellow on said plan;
- (c) A "B' residence district" being a district coloured orange on said plan;
- (d) A "commercial district" being a district coloured purple on said plan;
- (e) An "industrial district" being a district coloured grey on said plan.

21. Land in a rural district shall not be subdivided into lots of less than two acres except as otherwise recommended by the Board of Appeal.

22. No person shall use land in a rural district for other than the usual rural or residence uses, which shall include agriculture and horticulture and associated uses, but shall not include retail stores and similar commercial uses or factories.

23. In an "A" or "B" residence district:—

(1) No person shall use land for purposes other than:—

- (a) Residences, churches, schools, community halls, non-commercial greenhouses, and other uses deemed by the Board of Appeal to come within the meaning of "customary residential uses";
- (b) Rural uses, other than the raising of animals except as provided in clause (2) hereof; provided that where a rural use creates or is likely to create a public nuisance, the Medical Health Officer may order its discontinuance;

(c) Accessory buildings located in a rear yard and uses customarily incident to the above uses; provided that a building to shelter domestic animals must be situated not less than one hundred feet from any well, spring, or creek, and if less than one hundred feet then as far as the shape and size of the lot permits from a dwelling on the same or any adjacent lots.

(2) The keeping of domestic or domesticated animals shall be permitted unless the Medical Health Officer otherwise decides.

(3) No person shall erect a building on a site unless there is compliance with the following conditions:—

(a) The height of a building shall not exceed thirty-five feet or two and a half stories:

(b) No building-site shall be occupied by buildings to more than thirty-three per cent. of its area:

(c) A rear yard shall be provided of not less than twenty-five per cent. of the lot-depth, and it shall in no case be less than twenty-five feet in depth:

(d) Side yards shall be provided not less in width than ten per cent. of the width of the site, and in any case not less than five feet; provided that no side yard need exceed ten feet in width; and further provided that where a building is not served by a rear lane, one side yard at least ten feet in width, unobstructed and open to the sky, shall be provided:

(e) On a corner lot at the rear of which are lots fronting on the flanking street, the yard paralleling the flanking street shall be not less than twelve and a half feet wide.

24. In a commercial district:—

(1) Land may be used for the purposes permitted in rural and "A" and "B" residence districts and which conform to the height, yard, and area requirements of Regulation 23, subsection (3), or for retail stores and similar commercial uses, offices, and service-stations, but not for industrial establishments employing over six permanent employees, or fruit processing or packing or similar plants, or other uses not deemed by the Board of Appeal to come within the meaning of the term "commercial uses."

(2) Where a building hereafter to be erected or converted is to be used for retail or other commercial purposes where there is no public lane giving access to the rear of the building, provision shall be made for such access by means of a yard so that loading and unloading operations shall be conducted off the public highway.

(3) For the purpose of Regulation 27 hereof, in the case of a building to be erected on a corner lot, other than one permitted in Regulations 22 and 23 hereof, each wall facing a street shall be deemed a main front wall.

25. In an industrial district any lawful use is permitted; provided, however, that any buildings used for human habitation shall conform to Regulations 11 and 23 hereof; and further provided that no building and no land shall be used for any business or industry which is obnoxious by reason of the emission of smoke, gas, fumes, noise, or odour unless its maintenance has been authorized under the provisions of the "Health Act."

26. The height limitations contained herein shall not apply to windmills, silos, grain-elevators, and similar structures, nor shall they apply to chimneys, towers, and spires, occupying less than seven per cent. of the site area.

27. No person shall erect a building on a lot so that any main front wall will be closer to the street in front than twenty feet, except in the commercial area marked "A" on the plan referred to in Regulation 20.

28. Notwithstanding the provisions of Regulations 22, 23, 24, and 25 hereof:—

(a) A tourist camp may be established in any district subject to the approval of the Board of Appeal, but no part shall be used as a permanent residence unless it complies with the height and area requirements of Regulation 23:

(b) Commercial uses shall be permitted in residential districts only in the same block and facing the same street as a commercial use which exists at the date of these regulations, and with the approval of the Board of Appeal. Such permitted use shall conform to the provisions of Regulation 24 hereof.

29. (1) Any use of land or buildings contrary to the provisions of Regulations 20 to 28, inclusive, but which existed prior to the coming into effect of these regulations, may be continued, unless in the opinion of the Medical Health Officer and the Inspector such continuance is prejudicial to public health or interest.

(2) No non-conforming use which has been discontinued for ninety days shall be renewed.

(3) The lawful use of a building existing at the time of the coming into effect of these regulations, although such use does not conform to the provisions of Regulations 20 to 28, inclusive, may be extended throughout the building, but no structural alterations shall be made nor shall the non-conforming use be carried beyond the limits of the existing building.

REMOVAL OF BUILDINGS.

30. If the Medical Health Officer having jurisdiction in the area finds that any building is dangerous to health, he shall so notify the owner of the land, and he may either:—

(a) Require the owner to put the building in a safe condition within the period of time limited in the order; or

(b) Require the owner or occupant of the building to vacate it within thirty days from the date of the order, and he may also order the owner to demolish the building within a time limited in the order.

APPEAL.

31. (1) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any refusal to grant him a permit, or any order issued to him under these regulations, will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.

(2) Any person exercising the right of appeal shall file with the secretary of the Board of Appeal within ten days of the giving of any decision under the foregoing regulations a written notice of appeal therefrom, which shall state clearly the grounds upon which the appeal is made. The appellant shall therein give an address to which all notices may be mailed.

(3) The secretary shall notify the chairman of the Board of Appeal of said notice of appeal; the said chairman shall set a date for the hearing of the appeal, which shall be within seven days of the filing of the notice of appeal. Four days' notice of the said hearing shall be mailed by the secretary, by registered mail, to the appellant, posted to the address given in said notice of appeal, and also to such other persons as may be designated by said chairman. Where the appeal is for permission to establish a tourist camp as provided in section 28 hereof, any of the owners or occupants of adjacent lands whom the chairman deems may be affected thereby shall be notified of the hearing of the appeal.

32. (1) The Board of Appeal shall consist of five members who shall hold office for two years only, unless reappointed. Each member shall be a resident registered land-owner in the area, and shall be appointed a member of the Board by the Minister of Municipal Affairs upon the recommendation of the resident land-

owners in the area. The Board shall be presided over by a chairman to be chosen annually by the members thereof. Three members shall constitute a quorum.

(2) In the event of the death, resignation, or removal from office of any member of the Board, the vacancy thereby created shall be filled within thirty days after the death, resignation, or removal; and until the appointment of a successor to such member, the remaining members shall constitute the Board.

33. The Board of Appeal may hear witnesses and take any other steps it may consider necessary to ensure a proper consideration.

34. The chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

35. In disposing of appeals the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to those regulations, as the Board of Appeal considers necessary to ensure substantial justice, except that a change of land use or district boundaries may be made only by the Lieutenant-Governor in Council.

36. The decision in writing of a majority of the members of the Board of Appeal having jurisdiction shall be the decision of the Board, and the Board shall not be required to re-adjudicate the same appeal on the same set of facts.

37. Where the decision of the Board of Appeal relaxes any of the regulations herein, it shall be competent for the Inspector to issue a permit or an order conforming to said decision.

38. The Inspector shall act as secretary to the Board of Appeal and shall keep a record of proceedings of all meetings of said Board. He shall forward a copy of the decision of the Board in respect to any appeal to the appellant concerned.

PENALTY.

39. Any person failing to carry out any provision of an order issued pursuant to these regulations shall be guilty of an offence and shall be liable, on summary conviction, to a penalty not exceeding one hundred dollars for each ten days such violation continues.
